

# OPEN BELGIAN CHAMPIONSHIPS SWIMMING: STUDENT EDITION

APRIL 25 2025 ANTWERP

Dear Student,

Going to college/university is an important phase in life where it can be difficult finding a balance between studies and competitive sports. Student sports aims to support her student athletes as much as possible in finding this balance and to also focus on the inner connection between students from different university towns.

On April 25, 2025, the Royal Belgian Swimming Federation, in collaboration with Student Sports Flanders and ASEUS, welcomes various teams to the Wezenberg Swimming Pool in Antwerp (Desguinlei 17-19, 2018 Berchem).

The organisation goes out of het Royal Belgian Swimming federation with the support of Zwemfed.

We are pleased to invite you to be part of the first edition where the OBC also features a student format! Feel free to stay after your own race, as participation in the student race also grants access to watch the finals.

This brochure will provide you with more information about the event schedule, registration, and format.

If you have any questions, feel free to email [obc@belswim.be](mailto:obc@belswim.be).
